FALL IN LOVE IN VERONA

History, Love, Passion.

According to the interpretation of dreams, the door symbolises change and something new: it is told that Romeo, wanting to give a piece of jewellery to Juliette to win her over, turned to the finest craftsman's workshop in the city.

The jewels that Romeo desired had to be brought into the city especially for the occasion and so would have passed through the Porta Borsari where the duty was paid.

Details

Manual skill and craftsmanship are not just reflected in the quality of the raw materials and the workmanship, rather they are synonyms for originality, distinctiveness and attention to detail.

There are many aspects that must not be overlooked and this is why we work with love and passion to create jewellery that thrills.

Our materials and our design are exclusively made in Italy, for pieces that are one of a kind.
